SJCCC Response to COVID-19 2021-2022

SJCCC is proud to share that our response to COVID-19 continued to build on past successes and remained innovative and robust. For example, in an effort to fight social isolation, our internal channel 46 offered an increase in programming to include not only the daily mass, but also major events such as our Memorial ceremonies, the Sister Cobey Awards, and special movie premieres. Also, our channel 46 programming now includes News at SJCCC with our own anchor woman Andrea Secord, Resident Council meetings, Menu Planning meetings, and much more.

Our Facebook page has continued to grow and increased by over 900 followers in the past year. Many family members unable to visit our Centre, use this medium to remain in touch with their loved-ones by following their activities displayed weekly in photomontage.

Many activities resumed within the Centre which helped our residents, patients and staff feel a renewed sense of hope and normalcy. These activities included: group mass, country bus tours, outside BBQs, staff appreciation events, general staff meetings, and rest assured that all these events respected COVID-19 protocols.

CARF Accreditation

SJCCC strives to provide excellent patient-centered care and CARF International agreed:

SJCCC was awarded a three-year accreditation in May 2021 and the following words were shared in the Accreditation Letter:

Please note that the enclosed accreditation report identifies no recommendations.

This accomplishment is achieved on only 3 percent of CARF surveys.
